AUTOWATCH IMMOBILIZER

STOPS THEFT. **PERIOD.**

**auto
WATCH**

How Autowatch safeguards your vehicle

- Without your personal transponder fob on your key ring, your vehicle cannot start.

Benefits

- Tested and approved by the Insurance Bureau of Canada and Underwriter's Laboratory of Canada under standard ULC-S338-98 –recognized among the highest standards worldwide.
- Installed and registered by Vehicle Security Installation Bureau trained technicians as part of the ULC-S338-98 standard to ensure correct procedure and your peace of mind.
- The only ULC-S338-98 standard approved immobilizer in Canada with a unique override code so you can always start your vehicle, even if your key transponder is lost or stolen.
- Zero reported thefts with Autowatch immobilizers protecting more than 25,000 vehicles in Canada.
- Hard for thieves to detect due to inconspicuous design and location.
- Autowatch meets the highest international standards for vehicle immobilizers.
- Three-year, unlimited mileage, manufacturer's warranty.
- Twenty-four hour technical support at (800) 646-3132.
